

Drama

Intent

HEBBURN
Comprehensive School

WORK HARD | BE KIND | ASPIRE

Drama is a subject that engages and encourages all pupils to become confident performers and designers. Our intent is for pupils to experience a wide range of theatrical skills and be introduced to a variety of influential theatre practitioners to support both their understanding of drama and their ability to perform and devise. Throughout this course, pupils gather invaluable skills which are transferable to further studies and the workplace. We strongly believe that live theatre experiences and opportunities are invaluable to students in this field, thus, ensure such opportunities are provided to support their success.
